

AIRPORT TRANSFERS BY

**P-AIR Hungary Ltd**

## Transfer Information

- Your transfer only gets confirmed once you have provided your transfer destination/pick-up address!
- With this service, we can only transfer you between Vilnius (VNO) airport and addresses within Vilnius city.
- In Vilnius Airport, the driver will wait for the passengers inside the terminal building, in the Arrivals hall. The driver will be waiting for you with a Wizztransfer sign.
- After you finished airport procedures, please go directly to the meeting point.
- In Vilnius city, please wait for the driver at the reception of the hotel (or the entrance of the building, if the transfer is from a private address.)
- Please note that if you have changed your flight at Wizz Air you have to send us your new travel data at least 2 workdays before both your original and new flight date, because the modification is not automatic.
- If you cancel your booking you need to contact us at least 2 workdays before your travel (please see our Travel regulations). Our company cannot accept your claim for cash refund but you may use the same transfer at another time for any Wizz Air flight within one year; or you may give it to someone else for free of charge
- If your flight has been cancelled, please contact us as soon as possible and give us your new travel data! If we do not get your new data in time, we cannot guarantee you will be transferred.
- You can only use the transfer if your printed e-ticket is valid for the given date and time!
